# BARRIQUE

made in Italy

wood | stainless steel

Vassoio ricavato da parti di barrique esauste. Si tratta di una botte di legno di rovere , con una capacità di 250 litri utilizzata per la fermentazione o l' invecchiamento del vino. Con il passare degli anni la barrique cede al vino contenuto al suo interno note vanigliate , speziate, resinose e affumicate .

*Tray made from parts of exhausted barriques. It is a barrel of oak wood, with a capacity of 250 liters used for wine fermentation or aging. With the passing of years, the barrique gives the vanilla, spicy, resinous and smoked notes to the wine.*

## PESCE FRESCO

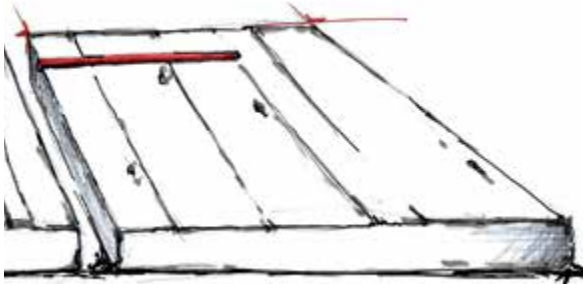

made in Italy  
design  
Stefano Pilato

La serie di taglieri “Pesce fresco” è ispirata all’attività artistica del livornese Stefano Pilato.

Dall’incontro tra Stefano Pilato e knIndustrie è nata l’idea di trasformare alcune sue opere in oggetti concreti dalla funzione pratica e con sviluppo seriale, come Moby Dick e Blue Fish, taglieri da cucina realizzati in noce canaletto, nobilitati a sculture da appendere.

*The “Pesce Fresco” - meaning “Fresh Fish”-collection of cutting boards is inspired by the artistic activity of Stefano Pilato. The meeting between Stefano Pilato and KnIndustrie gave birth to the idea of turning some of his artwork, like Moby Dick and Blue Fish, into concrete objects for series production and a practical use, such as the cutting boards in canaletto walnut, that can be ennobled and hanged as sculptures.*

## WORKSTATION

made in Italy  
design  
Massimo Castagna

Progetto di Massimo Castagna, è la Workstation W1, una vera e propria stazione di lavoro per il piano della cucina. Realizzato in legno di noce canaletto spazzolato e fornito con pala in acciaio e alloggiamento per ipad.

*Another interesting project by Massimo Castagna, is the Workstation W1, a real kitchen workstation for the kitchen counter. Made of brushed walnut, it has the function of a large cutting board and allows you to see your recipes on the tablet.*

FTF SYSTEM

made in Italy  
design  
Lara Caffi

stainless steel | walnut

Un tagliere in legno noce canaletto all'interno del quale è stato ricavato lo spazio per ospitare una teglia da forno bassa che può scorrere all'interno del tagliere fino alla completa scomparsa oppure, una volta estratta, può accogliere facilmente il cibo preparato e tagliato sul piano in legno sovrastante.

*A cutting board in walnut wood inside which is obtained a space to accommodate a low baking pans that can slide inside the cutting board until the complete disappearance or, once extracted, can easily accommodate food prepared and cut on the above wood.*

S/LAB

made in Italy  
stainless steel | larch

Un oggetto dall'aspetto primigenio, essenziale, quasi l'archetipo di tutti taglieri: una semplice sezione di legno che conserva tutta l'essenza materica della sua origine e un incavo lungo il bordo che permette l'alloggiamento di una lamina di metallo a rinforzo della struttura, in un abbinamento dalla semplicità perfetta.

*An object with a primordial, quintessential appeal, almost the archetype of the cutting board: a simple slice of a tree trunk that retains all the tangible, substantial presence of its origins and a recess all around the perimeter that accommodates a metal band to reinforce the structure in a perfect combination.*

made in Italy

È realizzato interamente in alluminio caratterizzato dal bordo alto color marrone brunito e impreziosito da manici in cuoio. Il diametro generoso, di 50 cm, consente di servire drink, appetizer, caffè o un tea time in tutta comodità. *Entirely made of aluminium, the new round tray Live/Ly proposed by KnIndustrie is characterised by a high dark brown edge and stylish leather handles. With its generously sized 50 cm diameter, it can be used to serve drinks, appetizers, coffee and tea in full comfort.*

# EXPERIMENTAL COCKTAIL

EXPERIMENTAL  
COCKTAIL

cocktail da pasto

MERITS

Si ispira all'arte della mixology la collezione di 16 bicchieri dedicati al mondo dei cocktail, realizzati in diverse forme e con diversi materiali, dal bamboo al rame, dall'acciaio al borosilicato. A dettare legge la tendenza del momento che vede sempre più protagonisti i cocktail come bevanda da accompagnare a tutto pasto.

*Inspired by the art of mixology, the collection of 16 glasses specifically designed for cocktails, is interpreted in various shapes and different materials, from bamboo to copper and from steel to borosilicate. All-important however is the current trend putting the accent on cocktails as drinks for serving throughout a meal.*
